

Milan

You are going to visit the city of Milan. In order to prepare for the day, you should inform yourself about the city and then put together with your group 5 questions, which must be answered by the other groups, during the city game. You have 30 minutes to put them together. Give your group a name and transfer the questions to the task sheet.

Attention: The questions have to come from the websites mentioned here and you have to write down questions **and** answers here below.
